

As I see it...

By H. O. Marler Passenger Traffic Manager

You PE bus and train riders have a right to take a bow.

You're among our most civic-minded citizens--and here's proof.

Only 1½ riders per private auto is the L.A. average, according to a traffic check.

Each PE bus, seating 45 passengers, is just what the doctor ordered. L.A.'s circulation is increased and a critical case of clogging of the arteries reduced every time you choose a PE motor coach or rail car and leave your auto at home.

It pays to be a good citizen, too.

A regular PE bus or rail passenger, living 13 miles from work, saves an estimated \$400.00 annually on transportation.

And PE service is being improved.

Venice Short Line rail cars will be retired with honors September 17 and replaced by 57 new, spacious, well-ventilated motor coaches. This is another step in PE's current \$5,200,000 modernization.

Yes, you PE patrons are smart to unharness those 100 horses under your hood, keep that 3,500-lb. auto in the garage and save time, energy, gas, oil, tires and parking fees.

Take another bow.

WE POINT WITH PRIDE

To--Tom Slack, Motor Coach Operator #169, Hollywoodland-Beverly Hills Line. 30 years of PE service

A patron writes: He is the most careful conscientious, polite driver I've seen for a long, long time. He has a friendly word for all. Traveling with him is like riding in your own car with your best friend at the wheel. He makes no discrimination, but is accommodating to everyone. He announces stops in a clear voice and collects fares with a smile.

VARIETY TO SPICE L.A. COUNTY FAIR

Los Angeles County Fair, America's largest and most spectacular, will be held at Pomona Fair Grounds, September 15 through October 1. This 17-day exposition will feature horse racing daily with pari-mutuel wagering except on Sundays, a panorama of achievement, entertainment by top-rated stars of radio, television and screen, livestock and industrial exhibits and a huge midway joy zone.

Pacific Electric offers service direct to the fair grounds entrance. Pacific Electric lines throughout Southern California provide a convenient, economical and sensible means of transportation with no traffic strain or parking problems. Special trips will be operated at frequent intervals from Sixth & Main St. Station, Los Angeles, direct to the fair grounds. Special trains will depart from Los Angeles at 9:30 AM, 10:00 AM and 11:00 AM, returning after the horse racing program. Admission tickets are available at Sixth & Main St. Station, permitting direct entrance to the fair grounds upon arrival. Consult your local agent or call Information, TUcker 7272, for schedules, fares or other travel information.

You'll want to see this outstanding exposition and the smart way to reach the fair grounds is via Pacific Electric lines.
