

TWO BELLS
VOLUME
TWENTY-SEVEN

January to December
1946

Two Bells is the official magazine of the Los Angeles Transit Lines, published for the employes by the Public Relations Department. It is a medium of expression by which every man and woman in the Company is privileged to contribute his or her ideas and talents.

The magazine was established June 7, 1920, for the purpose of publicizing operating bulletins to the trainmen. It became a monthly news magazine in September, 1928, and has continued to mirror the activities of the employes to the present day.
