

The RTD Paratransit Directory

A Guide to

alternate transportation in the

Greater Los Angeles area.

INTRODUCTION

This is the first edition of the RTD Paratransit Directory. It includes information on paratransit organizations offering various forms of transportation within Los Angeles County. Paratransit firms typically provide services to meet special transportation needs. Because many charge for mileage in addition to a fixed fee, the agencies are categorized by city or community. Listed under each name is an address, telephone number, and brief description of services.

Although RTD has made every effort to provide the most up-to-date information on each agency, there will have been some changes since this pamphlet was published. Also, it was not possible to identify every agency providing paratransit services. Patrons and paratransit operators are encouraged to write RTD with additional information. Write to:

AGENCIES HAVING TRANSFER AGREEMENTS WITH RTD

All paratransit agencies listed in this Directory which have an asterisk (*) appearing next to their name have an Interagency Transfer Agreement with the Southern California Rapid Transit District (RTD).

An Interagency Transfer Agreement is a formal written agreement between two transit providers which enables passengers to transfer and continue their trips using both agencies' services.

A valid transfer issued by one of the providers will be honored as a legal "boarding ticket" to the other service. The transfer will have a fare value equivalent to the other provider's base fare.
