### Reference: Schedule Page 2 of 10

Contract A135

0

### Reference: Schedule Page 4 of 10

o Contract A612

Master Agreement Work

. . .

The Master Agreement work start dates and durations have been adjusted to support their respective Stage I and Stage II contracts.

o Contract A136

1.

o Contract A138

o Contract A139

o Contract A161

o Contract A167

The 7th/Flower Utility Rearrangement Contract was completed during November 1987.

The Union Station Stage I bid process has been

extended to February 29, 1988. This is due to delayed completion of negotiations with IAUPT/Amtrak.

The Union Station Stage I completion date has been

extended to January 29, 1991. This is due to the

delay in the bid process cited above. Project staff

is currently reviewing potential impact to the

The Union Station Stage II design start date has been

rescheduled to conform with the general consultants

latest forecast for beginning the work. There is no

The Union Station Site Work contract bid process and

construction activities have been rescheduled to conform with the revisions to Contract A135. There

The Union Station Site Landscaping contract

construction activities have been rescheduled to conform with the revisions to Contract A135. There

impact to the start of the Stage II bid process.

is no impact to the critical path.

is no impact to the critical path.

critical path.

The 7th/Flower Station, Stage II construction completion date has been rescheduled to conform with the revisions to Contract A165 Stage II access milestones. There is no impact to the critical path.

The Contact Rail Contract bid process has been delayed two weeks. There is no impact to the start or completion of this contract.
