THE PAPAL VISIT
SEPTEMBER 15 & 16, 1987
LOS ANGELES, CALIFORNIA

Since assuming the highest office of the Catholic Church, Pope John Paul II has traveled extensively in foreign countries. In each of these visits, preparations have been laboriously conducted by the host countries months before his arrival. His visit to the United States, scheduled to take place between September 10 and September 19, 1987, is looked on as one of the most important historic events that have ever engulfed this country.

Pope John Paul's tour in the United States will start in Miami, Florida, and end in Detroit, Michigan. The following is his travel schedule as is known at this time:

- * Miami, Florida, September 10 and 11, 1987
- * Columbia, South Carolina, September 11, 1987
- * New Orleans, Louisiana, September 11 and 12, 1987
- * San Antonio, Texas, September 13 and 14, 1987
- * Phoenix, Arizona, September 14 and 15, 1987
- * Los Angeles, California, September 15, 16 and 17, 1987
- * Monterey/Carmel, California, September 17, 1987
- * San Francisco, California, September 17 and 18, 1987
- * Detroit, Michigan, September 18 and 19, 1987

During his stay in Los Angeles, he will publicly appear on three different occasions. The first event is his motorcade, which is scheduled for the morning of Tuesday, September 15, 1987. At approximately 10:30 A.M., the Pope will travel, in his specially equipped Popemobile, from Fire Station Number 26, located at Western Avenue just south of the Santa Monica Freeway, to the Saint Vibiana Cathedral at Main Street and Second Street. The motorcade is scheduled to travel North on Western Avenue, East on Olympic Boulevard, North on Figueroa Street, East on Eighth Street, North on Broadway, East on Alpine Street, South on North Spring Street, East on Macy Street and South on Main Street to Second Street. The motorcade will consist of several vehicles and they will be traveling at an average speed of 9-12 MPH, covering the total route in approximately 52 minutes.

Conservative estimates call for between 200,000 and 2,000,000 motorcade spectators along the route. Factual data, based on actual measurements of 4 square feet per person, indicates that the available sidewalk space along the motorcade route will only accommodate 250,000 persons.

The Pope's second appearance will take place on Tuesday, September 15, 1987, where he will conduct a public mass at the Los Angeles Memorial Coliseum at 6:00 P.M. During this event, an

estimated 90,000 ticketed persons will attend the mass inside the structure, while another 250,000 non-ticketed persons will be in Exposition Park. The majority of those will be located on the Peristyle end, near Figueroa Street, where outside loudspeakers will be installed. For this reason no vehicular traffic will be allowed on Figueroa Street between King Blvd. and Exposition Blvd. as it may become a pedestrian walkway.

His third and final public appearance will be on Wednesday, September 16, 1987, at the Dodger Stadium at 6:00 P.M., where a second mass will take place. Only ticketed persons will be allowed inside the stadium for this event. No standees will be allowed in or around the stadium.

His Holiness will also conduct a series of private audiences with selected groups while in the Southland.

Based on information currently on hand, we at the Southern California Rapid Transit District are faced with a multitude of problems. There will be an impact on regular line service as a result of passengers utilizing the bus system to attend the special events. There may be delays to our regular patrons as two of the events will take place during A.M. and P.M. peak travel periods. It is with this thought in mind that the following is mentioned:

1. All plans may suddenly change, without prior warnings.
2. A direct communication line between the Multi-Agency Command Center and the Radio Dispatch Center will be set up on Tuesday morning.
3. All street closures will be handled by the Los Angeles Department of Transportation (DOT) Traffic Officers.
4. Two helicopters will be in the air to report traffic conditions to the Command Center.
5. Beginning at 9:00 A.M. on Tuesday morning, all local radio and television stations will broadcast warnings to discourage the driving public from entering the downtown area.
6. All charter buses in California, and many other states, have been leased since April, at an average cost of \$1,100 per bus.
7. Approximately 900 buses have been chartered by various groups from San Bernardino, Santa Barbara, and Las Vegas to attend the Papal Motorcade.
8. Over the last three months, RTD has been receiving at least 15 calls a day from various groups requesting buses. No request was granted.
9. There will be no special services on RTD lines such as those in the 1984 Olympic Games. However, many District lines will be augmented to accommodate the anticipated demand.

10. Forty buses utilized for a special police move and service augmentation during the A.M. Motorcade will be pulled into Division 2 yard and will also be used for extra service to the Coliseum.
11. There will be no special bus fares. All regular fares will apply.
12. All extra service will be scheduled by temporary letter in a "goldenrod" color. Although temporary letters are being issued for supplemental service, field personnel may have to modify the operation as traffic patterns change.
13. King Blvd. will be open to vehicular traffic. However, be prepared. It is unknown at this time what actions may be taken by Cal-Trans or the Los Angeles Department of Transportation.
14. If, for any reason, buses are totally stopped, every effort should be made to get them turned around and out of the area, even if it constitutes short or incomplete trips.
15. The worst scenario is cars being abandoned in the middle of the streets.
16. Heavy RTD patron traffic is expected from the San Gabriel Valley. Extra buses with operators will be standing by at many of our divisions.
17. An RTD patron will only have to walk two tenths of a mile to get from the Hill/Broadway terminal at 39th Street to the Coliseum. In San Antonio and New Orleans the distances are 3.4 miles and 2.7 miles respectively.

As you may have deduced by now, we are faced with a very difficult task and it is obvious that the demands put on the District are extreme. However, the District's record in the past has proved that in spite of the various constraints, we were able to deliver the best available service to our patrons with minimum inconvenience. Let us all put our best efforts forward and work together to prove ourselves and our abilities. We did it before, during the Olympics, and we can certainly do it again for the Pope.

GENERAL INFORMATION

TELEPHONE NUMBERS

Telephone numbers for Operations Control and Services are:
972-6103, 6104, 6105 and 6106.

RADIO TRANSMISSIONS

All radio transmissions for field personnel will be on
Channel E-1.

Hand held radios shall be set on Channel 4.

The forty extra buses assigned to Special Police Moves and
supplemental service to and from the Coliseum will be assigned
Bus Channel 8.

EMPLOYEE PARKING/SHUTTLE - DIVISION 2

Employees may park at Division 2 and ride an employee shuttle to
the Headquarters Building, downtown short line terminals and the
Coliseum. A shuttle bus schedule will be provided.

WORK ASSIGNMENTS

Assignment times shown are work location hours of assignment. It
is suggested that employees park at the divisions and ride
regular line service (or the Division 2 employee shuttle) to work
locations as parking will unlikely be available at work
locations.

Change Makers will report to Operations Control and Services at
the time shown and will be transported by Transit Police to and
from the Coliseum.

(HH) indicates the assignment of a hand held radio. Information
concerning pick up and return locations will be provided.

* indicates the Supervisor in charge at work locations with
multiple employees assigned.

SCHEDULE CHECKING ASSIGNMENTS

Schedule Checking assignments for Tuesday, September 15, are found in the last pages of the Operations Plan.

EVENT TIMES

Event times are provided as a guideline only. Times are subject to change.

SERVICE MAPS

Maps delineating Main Street closure, Broadway closure, Short Line (Intercept Program) and Coliseum service are included in the front of the booklet.

8:00 P.M. - BROADWAY RESTRICTED TO THROUGH TRAFFIC

At approximately 8:00 P.M., or possibly before, Broadway will be restricted to through traffic between Eighth and Alpine for the placement of rope between the barrels and the establishment of permanent barricades. Due to the need for street cleaning and barrel removal, all service on Broadway will be detoured to the Spring Street Contra-flow or to Olive Street. Broadway may not open to traffic until late Tuesday night or early Wednesday morning.

Note that from 8:00 P.M. Monday, until possibly Wednesday, there will be no service on North Broadway between Alpine and Bridge Junction. All traffic will be turned by LAPD at College Street.

TOS(VO) F-8 Koenig, F. (HH)

Stage (line-up) extra buses by Division. Dispatch buses as directed by Supervisors or Radio Dispatchers for patrons traveling to the motorcade. Ensure buses are returned so that they may be dispatched for supplemental service on Lines 40 and 81 to the Coliseum starting around 11:00 or 11:30 A.M.

Operator reliefs will be made at Division 2 between 1:30 P.M. and 2:00 P.M. via troop transport from the Divisions.

Ten (10) buses will be scheduled by temporary letter from Division 2 to Union Station to meet the 12:30 P.M. train, transport approximately 600 passengers to the Coliseum and return to Division 2.

6:00 A.M. OR WHEN NOTIFIED BY THE RADIO DISPATCHER -
SHORT LINE OPERATION (INTERCEPT PROGRAM)

Although scheduled for 8:00 A.M., the intercept program may start earlier, depending on events. Downtown service will then be modified with the establishment of six temporary short line terminals. All terminals will be posted no parking and tow trucks will be in the area to remove vehicles. The short line operation will continue until possibly 3:00 P.M. when downtown streets will again be opened. (Main Street will remain closed between Third and First Streets until possibly Thursday afternoon.) (Broadway may not be opened until late Tuesday night or Wednesday morning).

Consult detour notices for special short line operation. To avoid congestion at terminals with limited space for layover, layover time should be minimal and buses should immediately be sent to the far terminal to leave on their regular time.

Buses from Flower and Fifth can be sent to Beaudry as there are no buses scheduled there (Operators should be given a departure time from Beaudry as no personnel are assigned to that location).

Note that Lines 27 and 28 provide through service from the west side to the north side, connecting with terminals at Eighth and Union, Wilshire and Figueroa, Fourth and Flower, and the terminal at First and Hope. This line must be allowed to go through at all times.

All Road Supervisors must monitor the lines in their assigned district and report overload situations to the Radio Dispatch Center. Additional service will be provided based on passenger demand and availability of operators and equipment.

Remember that all plans can change. Be familiar with all portions of the operation. Don't allow buses to get buried in traffic congestion. Many weekday riders depend on our service in the outlying areas. Turn buses around whenever necessary, and at any location necessary to preserve the service. Keep the Radio Dispatcher advised of actions taken.

7:00 A.M. - OLYMPIC CLOSES

Olympic Boulevard, between Western Avenue and Figueroa, will be closed to all traffic at approximately 7:00 A.M. It is expected to reopen around 11:00 A.M.

ASSIGNMENTS

6:30 A.M. TO 11:00 A.M. - OLYMPIC AND WESTCHESTER, EAST

TOS(VO) F-8 Koenig, F. (HH)

Contact all Line 27 and Line 28 operators and ensure that they are operating by detour route.

10:30 A.M. - PAPAL MOTORCADE

The motorcade route will be totally closed two hours ahead of time, at approximately 8:00 or 8:30 A.M. The Papal Motorcade, consisting of the Popemobile and several vehicles, will depart Fire Station 26 one half block north of the Santa Monica Freeway at 10:30 A.M., arriving at Main Street and Second Street at 11:22 A.M. (52 minutes later). All cross traffic will be permitted to continue across the motorcade route until one half hour prior to the Pope's arrival.

Service may not have to be changed during this time as they plan to open the streets ten minutes after the motorcade passes by. If problems develop, provide short line turnarounds for buses and send them back to their far terminals in order to preserve the service on the line. Give operators leaving times from the far terminals as personnel will not be available to do so.

Because of the motorcade loop in the downtown area, many spectators are expected to move from Broadway to Main Street to see the Pope a second time. There may be a delay in opening Spring Street, but with the exception of Broadway, it is expected that regular line service will be resumed in the downtown area around 2:00 or 3:00 P.M.

6:00 P.M. - COLISEUM PUBLIC MASS

The Pope will continue to the Universal Amphitheater and the Registry Hotel in Universal City, arriving at the Coliseum at 5:30 P.M. for a Public Mass. The gates at the Coliseum will open at 12:00 Noon. Although the Mass is at 6:00 P.M., gates will open early in order to let attendees pass through the metal detectors. (Each metal detector allows 1100 people per hour to pass through). The majority of the ticketed and not-ticketed Coliseum spectators are from Santa Barbara to San Diego and from South and East Los Angeles.

Supplemental service will be provided on Lines 40 and 81 from downtown Los Angeles. Other District lines will be augmented based on reports received in the Dispatch Center from the field.

Martin Luther King Jr. Boulevard will be open to regular traffic. Figueroa Street will be closed between Exposition and Martin Luther King Boulevard. There will be no bus service on Figueroa between Jefferson and King Boulevard as it is expected that Figueroa will become a pedestrian walkway.

Line 204 is expected to carry a heavy number of passengers on Vermont. Regular bus stops will be used on Vermont as well as on King Boulevard.

Line 40 and 81 passengers from downtown Los Angeles will be directed to get off at terminals at Broadway and 39th (Line 40) and at Hill and 39th (Line 81). Thirty Ninth Street will become a pedestrian avenue to the Coliseum. The District's Marketing Brochure emphasizes 39th Street, Hill and Broadway, as the terminal for RTD service. Other major unloading and loading locations will be on 39th between Hill and Broadway (Line 200), King Boulevard and Hoover (Line 40) and Vermont and 39th Street (Line 204).

Staging areas for Line 40 and 81 buses will be provided in downtown Los Angeles and near the Coliseum. Any service scheduled by temporary letter can be superseded by Supervisor or Radio Dispatcher orders.

Extra service will be scheduled for Line 40 westbound to Market and Manchester due to advance warning of heavy passenger travel.

If Figueroa Street becomes a gridlock condition, Line 40 and 81 buses should be directed via Hill/Olive north and Hill Street south.

Supervisors in charge at Olive and First must work closely with Supervisors at the Coliseum and the Radio Dispatchers when converting extra buses to foreign line service.

WEDNESDAY SEPTEMBER 16

APPROXIMATE TIMES

12:01 A.M. TO 10:00 A.M.

Main Street will remain closed between Third Street and First Street until possibly Thursday afternoon. Buses will continue to be detoured via Fourth, San Pedro, First or Temple until approximately 10:00 A.M.

ASSIGNMENTS

6:00 A.M. TO 2:00 P.M. - MAIN AND WINSTON, NORTH

TOS(VO) F-1 Koenig, F. (HH)

6:00 A.M. TO 10:00 A.M. - SAN PEDRO AND FIRST, NORTH

TOS(VO) F-2 Johnson, P. (HH)

Contact all operators and ensure that they are operating via correct detour route.

10:00 A.M. - SAN PEDRO CLOSES BETWEEN FIRST AND THIRD;
EIGHTH AND NINTH CLOSE BETWEEN HARBOR FREEWAY AND
UNION

At approximately 10:00 A.M., and until approximately 6:00 P.M., San Pedro Street will be closed between First and Third Streets due to an appearance of the Pope at the Japanese Cultural Center. Buses operating on Main Street will again be detoured via Fourth, Alameda and Temple or First and Alameda.

Eighth and Ninth Streets between the Harbor Freeway and Union Ave. will also be closed from approximately 10:00 A.M. to 6:00 P.M. due to an appearance of the Pope at the Immaculate Conception School.

ASSIGNMENTS

10:00 A.M. TO 2:00 P.M. - ALAMEDA AND FIRST STREETS, NORTH

TOS(VO) F-2 Johnson, P. (HH)

Ensure all operators are operating via the correct detour route.

10:A.M. TO 6:00 P.M. - UNION AND NINTH, SOUTH

TOS(VO) F-3 Garrett, C. (HH)

Ensure all operators are operating via the correct detour route.

4:30 P.M. - DODGER STADIUM PUBLIC MASS

The Public Mass at Dodger Stadium is scheduled for 6:00 P.M. to 9:00 P.M., but this time may change due to a pre-event at 4:30 P.M. This is a ticketed event only held on private property. Non-ticketed spectators will not be allowed entrance through the gates. All cars, charter buses and RTD buses will be inspected through the windows, boarded and each person must present a ticket with their name on it. Ticketed spectators are from the San Gabriel Valley, the San Fernando Valley and along the Hoover-Alvarado corridor north of the Santa Monica Freeway. The District will supplement Line 635 service with 12 buses as it is expected that we will only carry a 5% share of the ticketed spectators. Lines 1, 2, 3, 4 and 200 will be closely monitored.

ASSIGNMENTS

12:30 P.M. TO 4:00 P.M. - MAPLE LOT

SER. DIR. Creel, M. Y.

Dispatch buses in accordance with temporary schedule letters or Radio Dispatcher instructions.

TOS(VO) D-3 P.M. Smith, R. L.

Monitor loading of Line 635 and advise Radio Dispatcher accordingly.

12:00 NOON TO 6:00 P.M. - DODGER STADIUM

TOS(VO) D-34 Johnson, M. D.

Work with the Radio Dispatcher to ensure sufficient buses for the going move.

4:30 P.M. - SPECIAL POLICE MOVE

The District will again provide special service to transport LAPD officers to and from Dodger Stadium. Two buses scheduled for Line 635 supplemental service will pull out to the Police Academy for this special move.

ASSIGNMENTS

4:30 P.M. TO 5:30 P.M. - POLICE ACADEMY

STAFF	F-49	Wilson, Russ
TOS(VO)	D-33	Archuletta, F.

Coordinate special move as necessary.
