UMTA Technical Assistance Program

- IN MEMORIAM -

THIS DIRECTORY IS DEDICATED TO THE MEMORY OF JOHN PAUL JONES. FOR SEVERAL YEARS, JOHN PAUL COMPILED THE URBAN AND RURAL TRANSIT DIRECTORIES ON BEHALF OF THE URBAN MASS TRANSPORTATION ADMINISTRATION (UMTA) OF THE DEPARTMENT OF TRANSPORTATION. HE COLLECTED ACCURATE AND TIMELY DATA. AS A RESULT, THE DIRECTORIES WERE WIDELY USED AND CONSIDERED IMPORTANT REFERENCE ITEMS BY THE TRANSIT INDUSTRY. THEREFORE, WE FEEL IT IS FITTING TO REMEMBER HIM, AS THIS 1986 EDITION OF THE DIRECTORY OF URBAN PUBLIC TRANSPORTATION SERVICE IS THE FIRST PUBLISHED SINCE HIS DEATH.

1. Report No. UMTA-TRIC-86-1	2. Government Accession No.	3. Recipient's Catalog No.

16. Abstract <p>This is the 1986 edition of The Directory of Urban Public Transportation Service. This Directory lists transit information of conventional and specialized local transit services in 316 urbanized areas (UZAs) of over 50,000 population. The UZAs shown in this Directory have been identified in a U.S. Census Supplementary Report--Publication No.PC80-S1-14, entitled Population and Land Area of Urbanized Areas for the United States and Puerto Rico: 1980 and 1970.</p> <p>This Directory is organized to meet a wide variety of informational needs for the user. The following lists are provided in this Directory: Transit Agencies Shown in the Directory; UZAs Listed by Population; UZAs that Cross State Lines; Vehicle Summary Counts; and a Glossary of Terms. Chart-type sheets in the Directory will show a particular transit system name, its number of peak vehicles, the agency contact person, and the address and telephone number of the contact person. Update forms are included in the back of the Directory so that transit personnel may conveniently submit corrected information to be included in the next edition of the Directory.</p>

- INTRODUCTION -

This Directory updates transit information of conventional and specialized local transit operations in 316 urbanized areas (UZAs) of over 50,000 population. For purposes of this compilation, a conventional transit operation is a fixed route, regularly scheduled service, available to the general public, offering rides wholly within, or commuter rides from outside a particular UZA. Specialized transportation must operate at least 50 percent of the time to be included. These services are largely demand-responsive and consist of various types of vehicles, such as buses, minibuses, vans, taxis, and station wagons, etc. The term Special Services is used in this Directory for this type of service.

UZAs have been identified and maps showing UZA borders by state appear in a U.S. Census Bureau Supplementary Report--Publication No. PC80-S1-14, entitled Population and Land Area of Urbanized Areas for the United States and Puerto Rico: 1980 and 1970.

The Non-Urbanized Transportation Service Directory, which reports transit service available in communities of less than 50,000 population, is published under separate cover. It also includes specialized service transit operations. Used together, these two Directories are intended to represent the transit community within the United States. For more information pertaining to the Urban Directory, please contact:

U.S. Department of Transportation
Urban Mass Transportation Administration
Office of Information Services, URT-7
400 Seventh Street, SW, Room 6419
Washington, DC 20590
Telephone: (202) 366-0205

PLEASE NOTE:

Completion of this Directory was delayed about a year due to termination of the contract for the survey work. The information contained in this Directory was developed from survey calls made to the various transit agencies. Most of these calls were made between October 1985 and July 1986. The vehicle count shown by the agencies in this Directory reflects the number of vehicles used in their most recent peak season, which is normally in the Spring of the year. Consult the glossary of page 95 for our definition of peak vehicles.

Thanks is extended to the many individuals who so kindly responded to our survey calls. Also, special thanks is extended to Mr. Edwin I. DeLong of UMTA's Office of Methods and Support and Mr. John W. Choice of UMTA's Information Services Staff. We are indebted to them for patiently assisting us with difficult computer problems in the preparation of this Directory.

- ORGANIZATION OF THE DIRECTORY -

This Directory is organized to meet a wide variety of informational needs and is structured to be both easy and flexible in the method of data access. For the informational needs of the user, the following lists are provided in this Directory: Transit Agencies Shown in this Directory; UZAs Listed by Population; UZAs that Cross State Lines; Vehicle Summary Counts; and a Glossary of Terms.

The chart-type sheets beginning on page 30 comprise the main part of the Directory. These sheets are known collectively as the Master List. Each sheet in the Master List provides the number of peak vehicles, agency contact person, address, and telephone number. The organizations are listed in alphabetical order by State, Urbanized Area (UZA), Section 9 Designated Recipient, Transit Agency, and Subdivision. In many cases, transit agencies receive their funding through another local agency termed a Section 9 Designated Recipient. These transit agencies are listed directly under the agency through which they receive funding. In other cases, the Designated Recipient and the transit agency are the same. These agencies are identified by a caret (>). Private transit operators are identified by an asterick (*) and either appear directly under a transit agency with which they have a contract or at the beginning of a UZA if they have no contract with a transit agency.

- HOW TO OBTAIN ADDITIONAL COPIES OF THE DIRECTORY -

This Directory has been distributed to each agency listed herein as well as to those individuals and organizations which requested a copy. If you would like an additional copy or copies (up to 3), please call or send your request with the corresponding number of self-addressed gummed labels to:

U.S. Department of Transportation
Urban Mass Transportation Administration
Office of Information Services, URT-7
400 Seventh Street, SW, Room 6419
Washington, DC 20590
Telephone: (202) 366-0205

- UPDATE! UPDATE! UPDATE! -

Although great care has been taken to compile reliable information, please realize that a project involving so many telephone interactions is bound to contain some errors in communication. It is requested we be notified in writing when errors are found in the Directory. Forms have been included to assist in this update.

*The Specialized Services shown are largely demand-responsive and consist of various types of vehicles such as buses, minibuses, vans, taxis, station wagons, etc. The vehicles comprising the Specialized Services are an aggregate of these various vehicle types, as well as other types.

- GLOSSARY OF TERMS -

ARTICULATED BUS	High capacity motorbus capable of carrying approximately 50% more passengers than traditional buses. The vehicle consists of two rigid sections connected by a bending middle.
CABLE CAR	A streetcar type of vehicle which is propelled by means of an attachment to a moving cable buried in a street right-of-way.
COMMUTER RAIL	Typically characterized as urban passenger train service for local short distance travel between a central city and adjacent suburbs. It does not include rapid rail transit or light rail/streetcar service. Service of a predominately intercity nature is excluded, except where a local portion of it is operated under contract to a public agency for commuter purposes.
CONVENTIONAL TRANSIT	A fixed route, regularly-scheduled service, available to the general public, offering rides wholly within, or commuter rides from outside, a particular urbanized area.
DESIGNATED RECIPIENT	A public body, designated in each urban area, which must have the legal authority to receive and dispense Federal funds.
FERRYBOAT	A vessel for carrying passengers and/or vehicles over a body of water. The vessels generally are steam or diesel-powered conventional ferry vessels. They may also be hovercraft, hydrofoils, and other high-speed vessels.
INCLINED PLANE	A special tramway type of vehicle modified so that its passenger seats remain horizontal while its undercarriage is angled parallel to the slope.
JITNEY	Passenger car or van (6 to 15 seat vehicle) which operates on rela-

- GLOSSARY OF TERMS -

JITNEY cont'd	tively fixed routes (sometimes with minor deviations), without fixed schedules or fixed stops. Jitneys are often privately-owned and operated.
LIGHT RAIL OR STREETCAR	A mode of urban transportation utilizing predominantly reserved, but not necessarily grade-separated rights-of-way. Utilizes electrically propelled rail vehicle, operated singly or in trains.
MOTORBUS	A passenger vehicle equipped with rubber tires and operated on roadways and city streets, propelled by some form of internal combustion.
PEAK VEHICLES	The maximum number of regularly scheduled, fixed-route revenue service vehicles operated during weekday rush hours in the peak season.
RAPID RAIL	Transit services using rail cars with motive capability, driven by electric power usually drawn from a third rail, configured for passenger traffic and usually operated on exclusive rights-of-way. Utilizes generally longer train consists and longer station spacing than light rail.
SPECIAL SERVICE	Service for a target market such as the elderly and handicapped, usually a demand-responsive type of service, and using smaller vehicles, such as buses, vans, and sedans, etc.
TRAMWAY	A system consisting of cabins which carry passengers and/or goods, suspended from flexible steel cables. Other cables are used to pull the cabins between stations.
TROLLEYBUS	Rubber-tired, electrically powered passenger vehicle, drawing power from overhead lines, and operated on city streets.
URBANIZED AREA (UZA)	Area designated by the US Bureau of the Census containing a central city or cities and surrounding closely settled urban fringe (suburbs), which together have a population of 50,000 or more. Urbanized areas used in this Directory are based on the 1980 Decennial Census.

UPDATE FORM FOR DESIGNATED RECIPIENTS
