36. PROO/KNABE MOTION - authorize the Chief Executive Officer to provide the necessary leadership in the area of **freight movement planning** by ensuring a coordinated countywide approach to developing consistent freight movement policy, analyzing systemic needs, assessing freight movement strategies, identifying priorities for project development, seeking additional innovative revenue sources, and providing viable recommendations to support the economic vitality of the county's residents and businesses.

Direct the Chief Executive Officer to ensure the freight planning process involves consultation with public and private stakeholders, including trucking companies, ports, local jurisdictions, railroads, shippers, and other community groups to develop recommendations that would address the need for accommodating the projected freight movement growth, its impacts to the transportation network, and impacts on Los Angeles communities.

Coordinate its work with federal, state, regional, and local transportation agency partners to develop a comprehensive and cohesive freight movement plan for the county, placing high priority on those projects that are ready for implementation, institutionalizing a goods movement function within MTA Countywide Planning and incorporating a funding component in the Call for Projects.

Direct the Chief Executive Officer to report back in 90 days with a comprehensive Work Plan to address the freight management strategy, actions, finding and organizational structure.
