

**BOARD MEETING  
DECEMBER 13, 2004**

**SUBJECT:** **COMPARISON OF FY05 PROPOSED BUDGET TO PUBLISHED BUDGET**

**ACTION:** **APPROVE THE FY05 BUDGET TOTAL EXPENDITURE PLAN**

**RECOMMENDATION**

Approve the FY05 Budget total expenditure plan of \$2.950 billion.

**ISSUE**

The FY05 budget published in August 2004 showed total expenditures of \$2.956 billion. The FY05 proposed budget adopted by the Board of Directors on June 7, 2004 showed total expenditures of \$2.860 billion. Supervisor Yaroslavsky asked the Office of Management and Budget to prepare an explanation of the difference.

**DISCUSSION**

Changes occurred between publication of the proposed budget book and the final budget book due to board actions in May, June and July and the inclusion of FY04 unspent capital expenditure authorizations in the FY05 capital budget. This cash flow reforecast of capital projects was project specific; no monies were shifted to other projects or funds and since the revenues for these expenditure authorizations are either grants or debt, they remain un-drawn until needed.

The capital projects cash flows reforecast had no impact on approved life-of-project budgets. This change represents an updated time phasing of cash flow requirements. For example, the Orange Line construction project under-spent the FY04 expenditure authorization by \$30.6 million so that expenditure authorization was moved to FY05. The Orange Line life-of-project budget remains the same at \$329.5 million.

Also, the Universal Fare System project under-spent the FY04 expenditure authorization by \$22.6 million so that expenditure authorization was moved to FY05. There were 18 other projects where the expenditure authorizations were increased in FY05. In all, the life-of-project budgets remained unchanged.

The specific changes to the FY05 adopted expenditure authorizations are outlined below: (dollars in millions)

Adopted expenditure authorization	June 7, 2004	\$2,860.2
Separate board approved actions

<b>Recommended Expenditure Authorization</b>		<b>\$2,949.5</b>

The attached report details how the above project changes impact accounts and departments.
