

**OPERATIONS COMMITTEE
AUGUST 17, 2006**

**SUBJECT: BID 06-0010, UNLEADED GASOLINE
SOUTHERN COUNTIES OIL CO.**

ACTION: AWARD CONTRACT FOR UNLEADED GASOLINE

RECOMMENDATION

Authorize the Chief Executive Officer to award a 60-month, firm fixed price contract under Bid 06-0010 with Southern Counties Oil Co., dba SC Fuels, the lowest responsive and responsible bidder for unleaded gasoline for the amount not-to-exceed \$14,536,760, inclusive of sales tax and three one-year options effective October 1, 2006.

RATIONALE

This procurement is for the acquisition of unleaded gasoline, which is required for the operation of Metro's fleet of 973 non-revenue vehicles (automobiles, trucks, vans and forklifts).

This contract will provide up to approximately six million gallons of unleaded gasoline for 60 months at prevailing Oil Price Information Service (OPIS) pricing. OPIS is a widely accepted fuel price index that is published weekly to reflect current market prices in the Los Angeles area for petroleum products. OPIS is a private, independent company with no stake in fuel transactions, and is not funded by the oil industry.

Since this is a requirements contract, the bid quantities are estimates only, with deliveries to be ordered and released as required. There is no obligation or commitment on the part of Metro to order any or all of the unleaded gasoline that is anticipated.

FINANCIAL IMPACT

The funding of \$2,311,715 for this product is included in the FY07 budget under Cost Centers 3434, 3503, 3508, 3515, 3601, 3609, 3706, 3707, 3710, 3802, 3805, 3818, and 3927, Project Numbers 300011, 301008, 302008, 303008, 304008, 305008, 300022, 300033, 300044, and 300055, Account Number 50405, Fuel – Non-Revenue Equipment. In FY06, \$2,007,227 was expended on this service.

Since this is a multi-year contract, the cost center manager and Deputy Chief Executive Officer will be accountable for budgeting the cost in future years, including any option exercised.

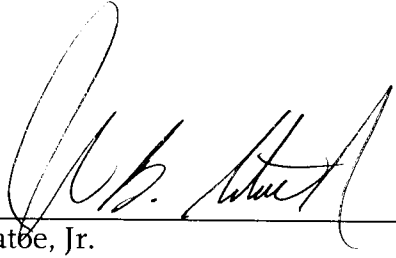

ALTERNATIVES CONSIDERED

The alternative is to not award the contract and to instead, purchase gasoline on the spot market. This approach is not recommended since it does not provide for a fixed discount on price or a commitment from the supplier to ensure availability and delivery on a timely basis.

PROCUREMENT HISTORY**

UNLEADED GASOLINE

A. Background on Contractor

The responsive and responsible low bidder, Southern Counties Oil Co., dba SC Fuels, is located in Orange, California, and has been in the petroleum business since 1930. In the past, Southern Counties Oil Co. has provided satisfactory service and delivery of diesel fuel to the Metro.

B. Procurement Background

In accordance with Metro's Procurement Policy Manual, Vehicle Technology and Support staff performed a technical evaluation and determined that the unleaded gasoline offered by the successful bidder is in compliance with the technical specification.

As part of Metro's efforts to provide for cooperative purchasing between agencies, and in accordance with the Regional Transit Plan to expand joint procurements, this solicitation included bid pricing for Montebello Bus Lines and the City of Santa Monica.

Staff recommends awarding this contract to the lowest, responsive, responsible bidder, Southern Counties Oil Co.

The Diversity and Economic Opportunity Department (DEOD) established a 10% Disadvantaged Business Enterprise (DBE) goal for this contract. The recommended awardee, Southern Counties Oil Co., committed to 10%.

C. Evaluation Criteria

Technical review and selection of the lowest responsive, responsible bidder.

Bidder #1 Southern Counties Oil Co., dba SC Fuels in the amount of \$14,536,760 is in full compliance with the technical and the bid specifications and is in compliance with the DBE requirements.

Bidder #2 Petro-Diamond Incorporated in the amount of \$14,570,156 is in full compliance with the technical and the bid specifications and is in compliance with the DBE requirements.

Bidder #3 Patten Energy Enterprises in the amount of \$15,024,000 is in full compliance with the technical and the bid specifications and is in compliance with the DBE requirements.

Bidder #4 Mansfield Oil Company in the amount of \$5,872,800 is in compliance with the technical specifications; however, Mansfield Oil Company did not bid on the option periods and their unit prices for the initial 24-month period is higher than the recommended low bidder. Also, Mansfield Oil Company is not in compliance with the DBE requirements.

D. Cost/Price Analysis Explanation of Variances

The recommended bid price of \$14,536,760 has been determined to be fair and reasonable based upon adequate price competition and selection of the lowest responsive and responsible bidder.

The bid price per gallon is subject to weekly price adjustments to reflect current market pricing as published by the Oil Price Information Service (OPIS). The weekly adjusted price per gallon will be established from the OPIS current weekly pricing plus a fixed discount unit rate of $-\$0.0301$ for the initial 24-month, $-\$0.0251$ for the first option year, and $-\$0.0201$ for the second and third option years; and a fixed transportation charge of 0.0219 will also be applied to the entire 60-month period. This contract amount is inclusive of applicable fees and sales tax.
