Items 6 and 13 were removed from Consent Calendar.

NOTED Committee Authority Item 35.

2. APPROVED ON CONSENT CALENDAR Minutes of Regular Board Meeting held June 22, 2006 and Special Board Meeting held June 29, 2006.

3. RECEIVED Chair's Report.

- Chair Molina thanked her colleagues for the opportunity to serve as the Chair of the MTA Board this year.
- The MTA's vision has outpaced its spending power. Despite efforts to plan and construct the Gold Line Eastside Extension, the Expo Line, and possibly extend the Red Line to the sea, much work remains.
- Consent Decree has played a major role in the agency's accomplishments. Significant resources have been dedicated to upgrading the quality of the buses, as well as the system used by millions every day.
- Even though MTA has offered a wide variety of transportation options throughout the County, the budget deficit of over \$120 million continues to remain a challenge. The agency does not have enough money to operate what it has already built, and the Board will need to make some difficult choices. Chair Molina indicated that with careful planning of the budget and timely information, we'll have the facts needed to make those critical decisions.
- Effective relationships with labor need to be maintained. Chair Molina stated that she would like to engage the Board as much as possible on many labor-related items.
- The Board needs to continue to ensure that all items are addressed in a way that is thorough, orderly, and expeditious.

- Presentation of hardhat by Director Failing: Director Failing reported that the successful partnership between L.A. County, MTA, and Caltrans in delivering projects has resulted in the agencies' achievement of the number one top delivery in the state of California for three years in a row. This year the three agencies hit 100% of all milestones. He presented Mr. Snoble and the MTA Board a Caltrans hardhat in honor of this partnership.

4. RECEIVED Chief Executive Officer's Report.

- Mr. Snoble stated that staff looks forward to working with Chair Molina this year.
- Results of a recent customer satisfaction survey of approximately 15,000 Metro bus and rail riders revealed that customer satisfaction and discretionary ridership are both at all-time highs.
- The Gold Line Eastside Extension project shows signs of significant progress. The two tunnel boring machines, nicknamed Lola and Vicki, are hard at work. Last Friday evening, Lola broke through the station at First and Soto Streets. Mr. Snoble congratulated the contractor, Eastside LRT Constructors, and MTA staff for achieving a million hours of work without a single lost time accident. Presented a video of the project.
- An agreement with LAUSD to rebuild Ramona Opportunity High School will be signed this afternoon.
