- Metro hosted the National Surface Transportation Policy & Revenue Study Commission Hearing on February 21 and 22 in the Board Room. The Commission is examining ways to improve the next Federal transportation bill and ensure nation-wide mobility. 6. **APPROVED ON CONSENT CALENDAR** finding that 88 jurisdictions are in **conformance with the Congestion Management Program (CMP)** for Los Angeles County, and determining that the City of Industry intends to come back into conformance with the CMP by April 20, 2007.
7. **APPROVED AS AMENDED** adopting a set of Guiding Principles to frame Metro's outreach effort currently underway for the **Countywide Congestion Mitigation Fee Feasibility Study**.

Lowenthal Amendment that in keeping with the level of communication that has been established, staff circulate the Guiding Principles, as a draft document, to the COGs, cities, and the Policy Advisory Committee for review and comment before returning to Planning and Programming for approval.

14. RECEIVED AND FILED **Multi-County Goods Movement Action Plan**; and

1. the MTA Board approves the goods movement policy and will actively support the CEO's efforts to implement the approved policy;
2. the State Goods Movement Action Plan prepared by the California Environmental Protection Agency and the Business, Transportation and Housing Agency is the first in the country that identifies a statewide action plan for goods movement capacity expansion, related public health and environmental mitigation impacts, community impact mitigation, and security and public safety enhancements. The plan establishes four statewide corridors and includes short term, intermediate and long term projects. California's comprehensive plan to fully address the spectrum of issues associated with goods movement could serve as a framework for other freight intensive states as MTA works with other states and Congress on the need to establish a freight trust fund. The CEO will return in 60 days with recommendations on how the plan can be enhanced to further meet the needs of Los Angeles County;
3. based upon testimony received at the workshop and the upcoming SAFETEA-LU Commission hearing scheduled at MTA for February 21 and 22, the CEO will return in 60 days with a review and recommendation of the suggested additional goods movement policy clarifications;
4. upon completion of the Multi County Goods Movement Action Plan scheduled for July 2007, the CEO will return within 90 days, with a proposed schedule and action plan with recommended resources necessary to complete the Goods Movement Strategic Plan for Los Angeles County; and
5. the significant goods movement impacts to Los Angeles County and the need for local, state, and federal funding presented at the workshop warrant the establishment of continuing Board support and it is recommended the Chair appoint an Ad Hoc Goods Movement Committee.
