

GATING STUDY

Executive Management and Audit Committee

June 21, 2007

AB 1350, Proposition 1B Transit Security implementation legislation, has been introduced by Speaker Nuñez and Assemblymember Laura Richardson (South Bay).

The bill would allocate funds through the State Transit Assistance (STA) formula with 75% of the funding available for transit operators serving populations with over 250,000 residents and 25% of the funding available for remaining counties that serve populations under 250,000 residents.

\$750 million would be available for large transit operators under the proposed STA formula.

I THEREFORE MOVE THAT the MTA Board direct the CEO to:

- 1. Request Proposition 1B Transit Security funding to fund the Gating Study**
- 2. If the MTA Board decides to implement gating, pursue Proposition 1B Transit Security funding for implementation costs**
- 3. Report back to the Board within 60 days, or sooner if necessary, on the status of the Proposition 1B Transit Security legislation**
