**PLANNING AND PROGRAMMING COMMITTEE  
JULY 18, 2007**

**FINANCE AND BUDGET COMMITTEE  
JULY 18, 2007**

**SUBJECT: FISCAL YEAR 2008 TRANSIT FUND ALLOCATIONS**

**ACTION: APPROVE FISCAL YEAR 2008 TRANSIT FUND ALLOCATIONS AND  
ADOPT RESOLUTION FOR TDA AND STA TRANSIT FUNDS**

**RECOMMENDATIONS**

- A. Approve methodologies and assumptions, including all changes and adjustments, used for the fiscal year (FY) 2008 Transit Fund Allocations, as determined by staff in accordance with federal, state and local requirements, as well as our policies and guidelines and prior Board actions, and as identified in Attachments A through I.
- B. Approve \$1.26 billion in FY 2008 Transit Fund Allocations, as shown in Attachments A through H, for Los Angeles County jurisdictions, transit operators, and Metro Operations. These allocations include the following:
  - 1. \$607.7 million in Transportation Development Act (TDA) Article 4, TDA interest, State Transportation Assistance (STA), STA Interest and Proposition A 40% Discretionary fund allocations, as shown in Attachment A, which also includes \$2.2 million in funding to six (6) operators in accordance with the two-year lag policy adopted by the Board of Directors;
  - 2. \$32.1 million in Proposition C 40% Discretionary fund allocations for the Bus Service Improvement Program (BSIP), the Transit Service Expansion (TSE) Program, the Base Service Restructuring Program and the Foothill Transit Mitigation Program, as shown in Attachment B;
  - 3. \$17.9 million in Proposition C 40% Discretionary fund allocations for the Municipal Operator Service Improvement Program (MOSIP), as shown in Attachment C;
  - 4. \$33.0 million in Proposition C 5% Security fund allocations, as shown in Attachment D;

5. \$14.1 million in Proposition A Incentive Program fund allocations, as shown in Attachment E;
  6. \$20.4 million in TDA Article 8 fund allocations as shown in Attachment F;
  7. \$309.0 million in Proposition A and Proposition C Local Return and TDA Article 3 fund allocations, as shown in Attachment G; and
  8. \$224.5 million in Federal Transit Act Section 5307 Urban Formula capital fund allocations, as shown in Attachment H, including an exchange of Santa Monica's allocation of \$8,120,918 of Section 5307 funds with an equal amount of Proposition C 40% Discretionary funds.
- C. Adopt a resolution (Attachment J) designating TDA and STA fund allocation compliance to the terms and conditions of the allocation.
- D. Authorize the Chief Executive Officer to negotiate and execute all necessary agreements for funding approved.
- E. Amend the FY08 Budget in the amount of \$110,000 and add 1.0 FTE for the Countywide Planning and Development department to provide additional support for management, administration and oversight of funding furnished by the FY 2008 Transit Fund Allocations and for other Board-approved, local programming activities.

## **ISSUE**

Each year, the Los Angeles County Metropolitan Transportation Authority (Metro) allocates transit operating and capital funding consisting of federal, state and local revenues to Los Angeles County jurisdictions, transit operators, and Metro Operations for programs, projects and services. The Board of Directors needs to approve allocations for FY 2008 before funds may be disbursed.

## **POLICY IMPLICATIONS**

Metro, as the Regional Transportation Planning Entity for Los Angeles County, is responsible for planning, programming and allocating transportation funding to Los Angeles County jurisdictions, transit operators, and Metro Operations. Once the Board of Directors approves funding allocations, Los Angeles County programs, projects and services may be implemented, operated and continued with funding made available for disbursement immediately thereafter.

## **OPTIONS**

No alternatives were considered as federal, state and local requirements, as well as our policies and guidelines and prior Board actions, require us to allocate funding annually to Los Angeles County jurisdictions, transit operators, and Metro Operations for programs, projects and services. Allocation methodologies and assumptions comply with federal, state and local requirements, as well as our policies and guidelines and prior Board actions.

## **FINANCIAL IMPACT**

We recommend that the Board of Directors approve a total of \$1.26 billion in federal, state and local transportation funding. The FY 2008 Transit Fund Allocations are based on revenue estimates developed for the Board-adopted FY 2008 Budget. The additional FTE will be funded from Proposition A, Proposition C and TDA Administration funds.

## **BACKGROUND**

The recommended FY 2008 Transit Fund Allocations were developed according to federal, state and local requirements, as well as our policies and guidelines and prior Board actions. We have reviewed the recommended allocations with Los Angeles County jurisdictions, transit operators, and Metro Operations through the Technical Advisory Committee (TAC), the Bus Operators Subcommittee (BOS) and the Local Transit Systems Subcommittee (LTSS). We also have reviewed the methodologies and assumptions used for the recommended allocations with the TAC, the BOS and the LTSS. The TAC, the BOS and the LTSS all formally adopted the recommended allocations in May and June 2007. At their June 15, 2007 meeting, the BOS adopted the final version of the funding marks.

The additional 1.0 FTE that we are requesting as part of the recommendations is needed to provide additional support for management, administration and oversight of funding furnished by the FY 2008 Transit Fund Allocations. The additional FTE also will be used to address additional management, administration and oversight needed for an expanded Immediate Needs Program; the \$14 million, Proposition A Incentive Program Mini Call to the Cities; and the implementation of the Two-Year Lag policy.

## **NEXT STEPS**

After the Board of Directors approves the recommended allocations and adopts the resolution, we will work with Los Angeles County jurisdictions, transit operators, and Metro Operations to ensure the proper disbursement of funds.

## Summary of Methodologies and Assumptions Used for the FY 2008 Transit Fund Allocations

### Attachment A

Allocations of transit subsidy funds (STA, TDA Article 4, and Proposition A 40% Discretionary) were based on the Formula Allocation Procedure (FAP) that was adopted by the Board of Directors and legislated through SB 1755 (Calderon – 1996). The FAP as applied involves allocating funding to transit operators based on 50% of operators' vehicle service miles and 50% of operators' fare units. Fare units are defined as operators' passenger revenues divided by operators' base cash fare.

For FY 2008, FAP calculations were made using latest available validated data on vehicle service miles and fares reported from FY 2006. To allocate funding in FY 2008 for service additions by Culver City, Redondo Beach, Long Beach and Norwalk in 2008, budgeted data for these service additions was used. The funding levels for all operators were calculated according to the Two-Year Lag elimination methodology that the Board of Directors approved in July 2006. All Los Angeles County transit operators and Metro Operations submitted their Transit Performance Measures data for the FAP calculations. Operators' data and the methodologies used to calculate the allocations are shown on Attachment A-3. The budgeted data used for the operators adding service is shown on Attachment A-4. The revenue estimates used are consistent with the Board-adopted FY 2008 Budget and are shown on Attachment A-1. Attachment A-2 shows the subsidy amounts allocated to each operator.

Two types of FAP shares were generated – TDA/STA FAP shares and 95% of Proposition A 40% Discretionary (Proposition A) shares. Proposition A funds were capped at the Consumer Price Index (CPI). All STA and TDA Article 4 funds were allocated to the Included Operators. Growth of Proposition A revenues over CPI were allocated to the Eligible Operators. All unallocated Proposition A revenue growth over the CPI are to be added to the Proposition C 40% Discretionary revenues.

### Attachment B

The Base Service Restructuring Program, Transit Service Expansion (TSE) Program, Bus Service Improvement Program (BSIP), Metro Bus Consent Decree services and the Municipal Operators Service Improvement Program (MOSIP) funded through regional Proposition C 40 % Discretionary funds were excluded from the FAP. Also, as in the past, for FY 2008, the funding levels for specific Proposition C 40% programs, such as Base Service Restructuring, TSE and BSIP have been increased according to the CPI for FY 2008.

The TSE Program continues for five municipal operators for expansion or introduction of fixed route bus service in congested corridors. Metro Operations does not participate in this program.

The Base Service Restructuring Program continues for four municipal operators who added service sometime before 1990. These four municipal operators were given additional funding from both Proposition A 40% Discretionary and Proposition C 40% Discretionary.

The BSIP also continues to address service improvements on overcrowded non-Metro bus lines used primarily by the transit dependent. Metro Operations and all other Los Angeles County transit operators, except Claremont, La Mirada and Commerce, participate in this program.

The Metro Bus Consent Decree services continue to provide additional Metro bus service and other bus improvements to address the requirements of the Consent Decree, which the MTA executed in 1996.

MOSIP is continued as well and the calculations used are shown in Attachment C.

#### Attachment C

The FY 2008 Budget identifies \$17.9 million in Proposition C 40% Discretionary funds for the Municipal Operators Service Improvement Program or MOSIP, which the Board of Directors adopted in April 2001. The program as continued is intended to provide bus service improvements to the transit dependent in Los Angeles County by reducing overcrowding and expanding services. All of the municipal operators participate in this program, and they are allocated funding according to FAP calculation methodology.

#### Attachment D

For FY 2008, Proposition C 5% Security funds again have been allocated to Los Angeles County transit operators and Metro Operations for security services. State law requires that each operator's share of funds be based on its share of unlinked boardings to total Los Angeles County unlinked boardings. The unlinked boardings used for allocating these funds are derived from the operator's and Metro's National Transit Database (NTD) reports.

#### Attachment E

For FY 2008, five percent (5%) of Proposition A 40% Discretionary funds have been allocated through Board-adopted Incentive Program guidelines. The Incentive Program was originally created in 1985 as a replacement for TDA Article 4.5. TDA Article 4.5 provides state transportation funds to cities for intra-community public transportation services. The Proposition A funds have less reporting requirements for the cities than the state TDA Article 4 funds.

In FY 2008, Proposition A Incentive funds programmed for Avalon Ferry was increased to \$400,000 and Hollywood Bowl Shuttle Services to \$847,000. These increases were in response to the agencies' requests to keep pace with inflation.

**Attachment F**

For FY 2008, State TDA Article 8 funds are again allocated to areas outside the Metro service area. The amount allocated to each area is based on the proportion of population of these individual areas to the total population of Los Angeles County.

**Attachment G**

For FY 2008, State TDA Article 3 funds and Proposition A 25% Local Return and Proposition C 20% Local Return funds are allocated again to all Los Angeles County cities and the County of Los Angeles based on population according to state statutes and Proposition A and Proposition C ordinances. Carryover TDA Article 3 funds (in the amount of \$24,649) have been reallocated to cities receiving less than \$ 5,000. The Street and Freeway Subcommittee and the Technical Advisory Committee have approved this redistribution methodology in prior years.

**Attachment H**

Based on federal revenue estimates for FY 2008, \$224.5 million in Federal Transit Act Section 5307 Urban Formula funds are allocated to Los Angeles County transit operators and Metro Operations. This includes \$1.8 million in Transit Enhancement Activity (TEA) funds that were not allocated in FY 2007. Eighty-five percent (85%) of these funds have been allocated based on a capital allocation formula consisting of total vehicle miles number of vehicles, unlinked boardings, passenger revenue and base fare. Fifteen percent (15%) Capital Discretionary and 1% TEA amounts from the Section 5307 funds have been allocated on a discretionary basis with BOS review and concurrence.

Santa Monica has requested an exchange of its Section 5307 85% Discretionary share of \$8,120,918 with Metro. Metro will exchange Santa Monica's Section 5307 funds with Proposition C 40% Discretionary funds.
