3. Chair's Report.

- Chair O'Connor said she looked forward to working with the Metro Board in her new role.
- Attended the July California Transportation Commission meeting in Glendale where member agencies discussed revisions to the Regional Transportation Plan Guidelines and how to incorporate greenhouse gas emission reduction strategies.
- Announced that she would convene a Metro Climate Change Sustainability Task Force, establish a Metro Sustainable Climate Action Plan, and find ways to continue existing efforts and identify new recommendations that will further advance Metro's environmental initiatives.
- Announced appointment of Director Fasana to lead a task force on congestion pricing options.

- The California Transportation Commission has postponed decisions regarding funding of several Metro projects, including a \$314 million allocation for phase one of the Expo Line until the September meeting.
- The State Legislature has not approved a state budget as of July 26. The budget stalemate will affect a number of Metro partners that receive state funding. Mr. Snoble added that the state has diverted funds from transportation to other state needs in recent years and said that projections lead experts to believe that this year will not be as difficult as coming years.

6. APPROVED ON CONSENT CALENDAR amending Metro's FY 2008 budget to include \$477,877 from **three Caltrans transportation planning grants**. Caltrans will reimburse for the following projects:
 - A. "Making The Connection: A Pedestrian And Bicycle Linkages Plan For two Low-Income Latino And Asian Communities Adjacent To Gold Line Stations" in the amount of \$200,000
 - B. "Non-Motorized Access Plans at six Transit Hubs in Metropolitan Los Angeles" in the amount of \$87,877; and

10. ADOPTED:

A. findings and recommendations for using fiscal year (FY) 2007-08 **Transportation Development Act (TDA) Article 8 fund estimates** totaling \$20,364,746 as follows:

1. In the City of Avalon there are unmet transit needs that are reasonable to meet. In the Los Angeles County unincorporated areas adjacent to the City of Avalon, existing transit needs can be met through other funding sources, however the City of Avalon chooses to use their Article 8 funds for their transit services. Therefore, TDA Article 8 funds will be used to meet their unmet transit needs. The allocation is \$126,039 for Avalon.
2. In the Antelope Valley, which includes the Cities of Lancaster and Palmdale, and in the Los Angeles County unincorporated areas of the Antelope Valley, transit needs are met using other funding sources, such as Proposition A and Proposition C Local Return. Therefore, there are no unmet transit needs that are reasonable to meet, because other funding sources will be used to address these needs. Thus, TDA Article 8 funds may be used for street and road purposes. The allocations for the Antelope Valley are \$5,000,795 and \$5,095,469 (Lancaster and Palmdale, respectively). The allocation for Los Angeles County unincorporated is \$4,093,011.
3. In the Santa Clarita Valley, which includes the City of Santa Clarita and the Los Angeles County unincorporated areas of the Santa Clarita Valley, transit needs are met with TDA Article 8 funds; however, other funding sources, such as Proposition A and Proposition C local Return, may be used to address their needs. Therefore, there are no unmet transit needs that are reasonable to meet. TDA Article 8 funds may be used for transit and/or street and road purposes as long as their transit needs continue to be met. The allocation for Santa Clarita is \$6,049,433.

50. CARRIED OVER FASANA MOTION that:

A new **simplified and equitable Formula Application Procedure (FAP)** be developed that would replace the existing FAP, Municipal Operator Service Improvement Program (MOSIP), and other bus funding pools and incorporate these features:

FAP Formula: A participant's funding share will be the ratio of their total vehicle service hours (VSH) to all participants' total VSH.

Single Funding Pool: All current and future funding that LACMTA elects to allocate to any and all participants for transit operations must be allocated by this formula, including but not limited to TDA, STA, interest, Propositions A and C.

Transition: During the first three years after implementation of the New FAP, all participants will be guaranteed a minimum allocation equal to the total Fiscal Year 2006-2007 Transit Fund Allocation approved by the Metro Board at the July 27, 2006 meeting (participants with shortfalls below their FY 2006-2007 allocations would receive funds from participants with surpluses above their FY 2006-2007 allocations on a pro rata basis).

51. CARRIED OVER KNABE/LOWENTHAL/O'CONNOR MOTION that the following change be made to the **Formula Allocation Procedure (FAP)**.

FAP Funding Stability:

In the application of this FAP formula adjustment, all Operators' FAP dollar funding levels shall be held to a minimum of their FY 2007 dollar funding levels. Where necessary, funding to implement this provision shall come from the Proposition A 40% Discretionary Growth over CPI Account.

However, no additional funding will be allocated to an operator to mitigate against a reduction in funding from the fiscal year 2007 level, if this reduction is caused by a reduction in service level provided by that operator.

Application of FAP Formula:

- A. a new rule be added to the current FAP effective immediately for application to the FY 2009 Allocation Year (whose allocations are based on FY 2007 TPM data).

If an operator increases its base fare anytime from July 1, 2006 forward, their fare units will be frozen at that Operator's fare unit level during the last full fiscal year of the old lower fare. It will remain at this level, until the new fare unit calculation based on the new higher fare becomes greater than the frozen level. After that point, their fare units will be calculated normally.

Example: If an Operator implements a fare increase on July 1, 2006, or anytime during FY 2007, their fare units will be frozen at the FY 2006 level until fare unit growth occurs. Thus the fare units utilized to calculate the FAP will be the higher of the fare units calculated using current TPM data or the fare units from the FAP calculation from the fiscal year prior to the fare increase.

If an Operator lowers their base fare anytime from July 1, 2006 forward, their fare units will be frozen at that Operator's fare unit level during the last full fiscal year of the old higher fare. Thus, an Operator could not trigger an increase in their fare units by lowering their base fare and would have no incentive to do so. Operators would be required to increase their base fare to an amount equal to or greater than the base fare established using FY 2006 TPM data to again calculate their fare units utilizing current TPM data.

(CONTINUED ON NEXT PAGE)

(CONTINUED FROM PREVIOUS PAGE)

- B. Los Angeles Department of Transportation's annual fare units calculation for the purpose of determining its annual FAP subsidy funded from the County's Proposition A Discretionary Growth Over CPI account be adjusted as described below.

Effective with the FY 2008 allocation year, the calculation of fare units for LADOT will be conducted utilizing a \$0.90 base fare for its eligible express services and a \$0.50 base fare for its eligible local services.

LADOT's annual FAP subsidy allocation will continue to be funded from the County's Proposition A Discretionary Growth Over CPI account, which is the primary source of FAP funding designated by Metro for all Eligible Operators in the County. LADOT will also be subject to the proposed new FAP formula/distribution rules discussed above for all Included and Eligible Operators. This includes holding all of the other Eligible Operators to a minimum of their FY 2007 dollar funding levels.

Continuation of Current Transit Operating Funds:

- C. The LACMTA shall continue to allocate funds to the Included and Eligible Operators from the following sources for both the FAP and non-FAP programs:

- *Transportation Development Act, Article 4 (includes interest)
- *State Transit Assistance (includes interest)
- *Proposition A 40% Discretionary
- *Proposition A 40% Discretionary Interest
- *Proposition A 40% Discretionary Growth Over CPI
- *Proposition C 5% Security
- *Proposition C 40% Discretionary Municipal Operator Service Improvement Program (MOSIP)
- *Proposition C 40% Discretionary Transit Service Expansion (TSE)
- *Proposition C 40% Discretionary Bus System Improvement Plan (BSIP)/Overcrowding Relief
- *Proposition C 40% Discretionary Base Restructuring
- *Proposition C 40% Discretionary Foothill Transit Mitigation
- *Proposition C 40% Discretionary Interest

52. APPROVED THE FOLLOWING MOTION TO RECONSIDER BARRIER GATE ANALYSIS:

NAJARIAN MOTION: Metro rail gating has been an issue prior to and subsequent to the opening of the red line and has been discussed over the years by the MTA board. At the June 2007 MTA board meeting, a recommendation for a gating feasibility analysis was presented to the board for approval and failed.

MTA staff has presented a compelling argument why this recommendation should be reconsidered by the MTA board. I am therefore requesting that the feasibility analysis be brought back to the July 2007 board meeting for reconsideration.

53. APPROVED:

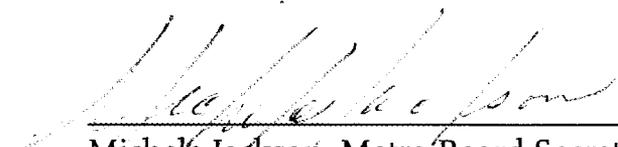

- A. establishing a life-of-project budget for the **UFS/TAP barrier gate analysis** in the amount of \$999,663 and include the project in the FY08 capital program budget;
- B. amending the FY08 budget to add in \$999,663 of expenditures and \$999,663 of Prop A 35% revenues for the gating project;
- C. authorizing the Chief Executive Officer to execute Contract Modification No. 9 to Booz Allen Hamilton, Contract PS-4610-1026, to complete the Metro Gating Study for an amount not to exceed \$400,000, increasing the total contract value from \$9,025,250 to \$9,425,250; and
- D. monitoring progress of pending Proposition 1B funding.

54. APPROVED the following nominee for **membership on the San Gabriel Valley Service Sector Governance Council**:

Ernest Gutierrez – New appointment to fill seat vacated by Bart Doyle
Appointed by: San Gabriel Valley Council of Governments
Term ending: June 2008
