

PLANNING AND PROGRAMMING COMMITTEE  
July 16, 2008

**SUBJECT: 2008 COUNTYWIDE CALL FOR PROJECTS RECERTIFICATIONS  
AND DEOBLIGATIONS FOR LOS ANGELES COUNTY**

**ACTION: APPROVE RECOMMENDATIONS**

**RECOMMENDATIONS**

- A. Recertify \$640.9 million in existing Fiscal Year (FY) 2008-09 commitments from previous Countywide Calls for Projects and authorize the expenditure of funds to meet these commitments, as shown in Attachment A;
- B. Deobligate \$4 million of previously approved Countywide Call for Projects, as shown in Attachment B;
- C. Approve \$0.325 million in previously awarded Call for Project funds from our Ramirez Flyover (Project #4302) to evaluate design options which could result in a potential change in scope;
- D. Authorize:
  - (1) The Chief Executive Officer or his designee to negotiate and execute all necessary agreements for approved projects;
  - (2) Authorize the reprogramming or administrative extension of approved project funding for California Department of Transportation (Caltrans) projects as required, to meet Caltrans design and construction time frames;
  - (3) Amendments to the FY 2008-09 budget, as necessary, to include the 2008 Countywide Call for Projects Recertification and Extension funding in the Regional Programs budget and our programmed projects in the appropriate cost center budgets;
- E. Receive and file time extensions for \$173 million in projects shown in Attachment C.

## ISSUE

Each year the Board of Directors must recertify budget year funding for projects that were approved through prior Countywide Calls for Projects to release the funds to project sponsors. The Board must also approve the deobligation of lapsing project funds after providing project sponsors with the opportunity to appeal staff recommendations to the Technical Advisory Committee (TAC) and the Board. The Board must also formally extend lapsing deadlines for those projects that are beyond the administrative authority delegated by the Board. Attachment D provides background information for the recommendations.

## POLICY IMPLICATIONS

The Countywide Call for Projects process implements our multi-modal programming responsibilities and implements the adopted Long Range Transportation Plan (LRTP).

The 2008 Recertification and Deobligation process enforces the annual authorization and timely use of funds policies. Specifically, Board policy calls for the deobligation of funding from project sponsors who have not met lapsing deadlines, have not used the entire grant amount to complete the project (project savings) or have formally notified us that they no longer wish to proceed with the project (cancellation).

## OPTIONS

The Board of Directors could cancel all or some of the FY 2008-09 funding commitments rather than authorize their expenditures. This would disregard previous Board approved Countywide Call for Projects funding commitments and would disrupt on-going projects that received multi-year funding.

With respect to deobligations, the Board could choose to deobligate funds from one or more sponsors whose projects are beyond the lapse dates and are not moving forward consistent with the adopted Lapsing Policy. A much stricter interpretation of the Lapsing policy might encourage project sponsors to focus scarce labor and other resources on projects in order to deliver them in a more timely fashion. However, this would be disruptive to the process of delivering the specific projects. On balance, the appeals process between the project sponsors and the TAC was a significant reminder that these funded projects should not be further delayed. In addition, the specific projects involved are now very close to being delivered.

With regard to the Ramirez Flyover project, the Board could decide not to move forward with the development and evaluation of other design options. This is not recommended as Operations does not concur with the benefits of the original scope of work. Allowing the \$0.325 million to be used to develop other alternative designs compared to the original scope will clarify the necessary infrastructure needs to improve busway access to Union Station.

## FINANCIAL IMPACT

Projects approved through the Countywide Call for Projects are funded through a variety of federal, state and local grant sources. Local funds for the 2008 Countywide Call for Projects Recertification and Extension process is included in the FY 2008-09 Subsidies to Others

Budget Cost Center 0441. Local funds programmed to us through the Call for Projects are included in the appropriate cost center budget. These funds, Proposition C 10% and 25%, can only be used for transportation capital projects and can not be used for operating purposes.

## **BACKGROUND**

We are required by federal (Title 23 U.S.C. 134 (g) & (h)) and state (P.U.C. 130303) statutes to prepare a Transportation Improvement Program (TIP) for Los Angeles County. The TIP allocates revenues across all transportation modes based on the planning requirements of the Transportation Equity Act of the 21<sup>st</sup> Century (TEA-21) and the Safe, Accountable, Flexible, and Efficient Transportation Equity Act - A Legacy for Users (SAFETEA-LU). We accomplish these mandates, in part, by programming revenues through the Countywide Call for Projects.

### **Technical Advisory Committee (TAC) Appeals**

On June 11, 2008, the TAC met and heard sponsor appeals on the deobligation of funding for 17 projects. Of the 17 projects, the City of Los Angeles Broadway Bus Boulevard Sidewalk Reconstruction Phase II (Project # 2074) was removed from the list, as their Letter of Agreement does not need to be executed until FY 09-10 since the STIP TE funds are programmed that year. The City of Los Angeles Riverside Drive Viaduct Widening and Replacement (Project # 8063) and Harbor Transitway Arterial HOV Connection with Downtown Los Angeles (Project # 2100) were also removed from the list, as the sponsor stated that the funds will be expended by the project lapse date of June 30, 2008. Furthermore, the City of Pasadena ITS Improvements Lake Avenue and Del Mar Boulevard (Project # 6324) was removed from the list, as the sponsor provided proof of construction contract award in June 2008. Therefore, through the administrative authority granted by the Board, the project will receive a one-year administrative extension. TAC recommended deobligating the City of Los Angeles Anaheim Street Widening – Farragut Avenue to Dominguez Channel (Project #8049) and East San Fernando Valley Trail Head parking and Rest Area (Project # 8283). For the remainder of the projects, TAC recommended one or two year extensions with certain reporting conditions. A summary of the TAC recommendations and our responses are listed in Attachment E.

## **NEXT STEPS**

With Board approval of the 2008 Countywide Call for Projects Recertification, Deobligation and Extension process, project sponsors will be notified and Memoranda of Understanding (MOUs) and Letters of Agreement (LOAs) will be executed with those who have received their first year of funding through the Recertification process. Amendments to existing MOUs and LOAs will be completed for those sponsors receiving time extensions. Project sponsors whose funds are being deobligated will be formally notified of the Board action.

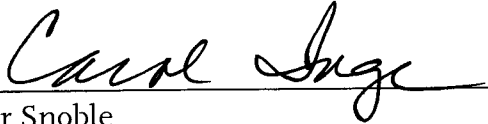

## ATTACHMENTS

- A. Countywide Call for Projects FY 2008-09 Project Recertification
- B. Countywide Call for Projects Deobligation Recommendations FY 2007-08
- C. Projects Requiring Extensions as of June 30, 2008
- D. Background/Discussion of Each Recommendation
- E. Results of TAC Appeals Process

**Select Criteria from list below and insert in column with arrow:**

1. Project delay due to an unforeseen and extraordinary circumstance beyond the control of the project sponsor (federal or state delay, legal challenge, Act of God, etc.);
2. Project delay due to an MTA action that results in a change in project scope, schedule, or sponsorship that is mutually agreed upon by MTA and project sponsor prior to the extension request; and
3. Project is contractually obligated, however, a time extension is needed to complete construction that is already underway (capital projects only).

**GRAND TOTAL****\$ 173,005**

\* Project has lapse date of 06/30/07. Staff recommended 3-year extension from 06/30/07, with the revised lapse date of 06/30/10.

**BACKGROUND/DISCUSSION OF EACH RECOMMENDATION**

**A. Recertify**

The \$640.9 million in existing FY 2008-09 commitments (Attachment A) was Board approved and programmed through previous Countywide Calls for Project processes. The current action is required to insure that funding continues in FY 2008-09 for those on-going projects for which we previously committed funding.

**B. Deobligation**

Attachment B shows the \$4 million of previously approved Countywide Calls for Projects funding being recommended for deobligation. This includes approximately \$.74 million in cancelled projects, \$1.6 million in project savings, and \$1.7 million in funds for two (2) projects that are not moving forward and have not met the timely use of funds policy.

**C. Approve Change of Scope in Ramirez Flyover Project**

In the 1997 Call for Projects, we were awarded \$2.87 million in Proposition C 25% funds for the Ramirez Flyover Project. The scope of this project was to improve El Monte Busway access into the Patsouras Transit Plaza at Union Station. Since that time, there has not been consensus as to the necessary improvements. As a result, work was suspended on the project. Through the 2006 Call for Projects Recertification/Deobligation process, the original lapsing deadline was extended to June 30, 2009 to provide an opportunity to define the project.

With the Congestion Pricing Demonstration Project, the need to improve access from the El Monte Busway to Patsouras Transit Plaza has again arisen. Since consensus could not be reached on the benefit of the original scope to busway operations, we are recommending that \$0.325 million of the Call for Projects grant be used to evaluate the existing design as well as develop and evaluate various design options to determine the best operational and cost effective alternative. The selected design will be compared against the existing Call for Projects grant's scope of work to determine whether it needs to be modified.

**D. Authorize**

- (1) Projects receiving their first year of funding are required to execute Letters of Agreement (LOAs) or Memoranda of Understanding (MOUs) with us. This recommendation will authorize the Chief Executive Officer to negotiate any agreement with Project Sponsors.

- (2) Our Management Audit Services (MAS) completed a Business Process Audit of the Countywide Call for Projects in April 30, 2002. Through this audit, it was recommended that:

*...“Board action to approve the Countywide Countywide Call for Projects should also include authorizing actions to amend budgets when necessary.”...*

In past Countywide Countywide Call for Projects Recertification and Deobligations, the Board authorized necessary amendments to the overall Subsidies to Others budget, not to the individual cost center budget associated with projects where we were listed as the Grantee. As a result, a recommendation was created by MAS to include language in all Countywide Call for Projects and annual Recertification and Deobligation Board reports to ensure inclusion of the adopted projects into our Operating budget and to comply with the recommendations of the Business Process Audit. In the past, projects usually have been included in the budget; however, this action authorizes the inclusion of those projects that may have been inadvertently omitted.

#### **E. Receive and File Time Extensions**

During the 2001 Countywide Call for Projects Recertification, Deobligation and Extension, the Board authorized the administrative extension of projects based on the following reasons:

- 1) Project delay due to an unforeseen and extraordinary circumstance beyond the control of the project sponsor (federal or state delay, legal challenge, act of God, etc.);
- 2) Project delay due to an action that results in a change in project scope, schedule, or sponsorship that is mutually agreed upon by us and the project sponsor prior to the extension request; and
- 3) Project delay due to contractual obligation, however, a time extension is needed to complete construction that is already underway (capital projects only).

Based on the above criteria, extensions totaling \$173 million for sixty (60) projects shown in Attachment C are being granted.

## RESULTS OF TECHNICAL ADVISORY COMMITTEE (TAC) APPEALS PROCESS

PROJECT ID	AGENCY	PROJECT TITLE	Total Prog \$ (000)	Recom Deob \$ (000)	TAC Recommendation	Metro Response
8095	SIGNAL HILL	CHERRY AVENUE WIDENING PROJECT	2,720	\$2,720	Give a two-year extension to June 30, 2010 with the condition that the sponsor provides an update at the June 2009 TAC meeting. If a construction contract is not awarded by May 31, 2009, deobligate the remaining funds.	Concur with the TAC recommendation.
8032	LA CITY	SEPULVEDA BLVD TUNNEL UNDER MULHOLLAND DRIVE	652	\$82	Give a one-year extension to June 30, 2009 for FY 05-06 funds only.	Concur with the TAC recommendation.
8031	LA CITY	TAMPA AVE BRIDGE REPLACEMENT AND WIDENING (HBRR)	2,100	\$1,857	Give a one-year extension to June 30, 2009.	Concur with the TAC recommendation.
8042	LA CITY	VANOWEN STREET BRIDGE WIDENING AND REHABILITATION (HBRR)	1,901	\$1,562	Give a two-year extension to June 30, 2010 with the condition that the sponsor provides an update at the June 2009 TAC meeting. If a construction contract is not awarded by May 31, 2009, deobligate the remaining funds.	Concur with the TAC recommendation.
8058	LA CITY	LA TIJERA BRIDGE WIDENING OVER I-42005 FREEWAY	8,784	\$4,824	Give a two-year extension to June 30, 2010 with the condition that the sponsor provides an update at the June 2009 TAC meeting. If the project is not on schedule by May 31, 2009 (as provided to TAC in June 2008), deobligate the remaining funds.	Concur with the TAC recommendation with the condition that progress must have been made with Right-of-Way acquisition.
8084	LA CITY	WINNETKA AVENUE BRIDGE WIDENING AND REHABILITATION (HBRR)	1,254	\$1,031	Give a two-year extension to June 30, 2010 with the condition that the sponsor provides an update at the June 2009 TAC meeting. If a construction contract is not awarded by May 31, 2009, deobligate the remaining funds.	Concur with the TAC recommendation.
4293	LA CITY	ALAMEDA ST./N. SPRING ST. ARTERIAL REDESIGN	6,546	\$3,972	Give a two-year extension to June 30, 2010 with the condition that the sponsor provides an update at the June 2009 TAC meeting. If the project is not on schedule by May 31, 2009 (as provided to TAC in June 2008), deobligate the remaining funds.	Concur with the TAC recommendation with the condition that Caltrans must have approved the E-76 and the Right-of-Way phase is completed.
7207	LA CITY	L.A. STREET REALIGNMENT NEAR EL PUEBLO	2,270	\$1,489	Give a one-year extension to June 30, 2009 with the condition that the sponsor provides updates every 2 months to the TAC starting in August 2008.	Concur with the TAC recommendation.
8049	LA CITY	ANAHEIM STREET WIDENING - FARRAGUT AVE TO DOMINGUEZ CHN	1,300	\$1,300	Deobligate the funds.	Concur with the TAC recommendation.
4314	TORRANCE	DEL AMO BOULEVARD EXTENSION (GRADE SEPARATION)(INCLUDING 6361)	20,121	\$19,268	Give a one-year extension to June 30, 2009 to acquire Right-of-Way easements. Consider a two-year extension for construction in June 2009, if the Right-of-Way easements are secured by May 31, 2009.	Concur with the TAC recommendation with the condition that if the easements are not secured by May 31, 2009, funds will be administratively deobligated.
8330	LA CITY	BICYCLE COMMUTER TECHNOLOGY ACCESS	305	\$297	Give a one-year extension to June 30, 2009.	Concur with the TAC recommendation.
